Comfort Swing Chair

Made entirely of metal and fancy colored canvas. The material is light and firmly braced, finished in black enamel. Folds compactly, occupying space of only 41 x 31 inches. Is set up or folded by removing only four stove bolts. Perfectly simple.

Solid Comfort

In the Comfort Chair. There's no argument necessary—it's simply a fact. Sitting or reclining. Swinging or not. Just good old Comfort. Put the chair anywhere. You don't need a great big lawn with trees or a great big anything. Any little shady corner will do. You can put the chair where the shade is and move it if the shade moves. The independent standards which are a part of the chair do it all.

Suppose you call and see it. You do not need to buy—But you probably will—other people do. Because the price is only \$4.00.

TWO PIECE SUITS

These new Two-piece Suits of ours are just the thing for Summer wear. We are always plowing new ground—never following the old furrows that will soon result in a rut. Plenty of indulgence is allowable in these very handsome Suits. Rough surfaces predominate. It does seem strange that a rough-looking cloth can be woven to be cooler than a smooth one, but we can show you how true that is. Wool Crashes, Homespun, Serges and Striped Flannel. A Two-piece Suit is the thing for Summer comfort. Prices range from \$5.00 up to \$12.00 per Suit.
